Travelling with products of animal origin from non-EU Countries

Know that **PRODUCTS OF ANIMAL ORIGIN** may carry Pathogens **Responsible for INFECTIOUS DISEASES** that can be a risk for **ANIMAL AND PUBLIC HEALTH**

These rules do not apply to products of animal origin from Andorra, Liechtenstein, Norway, San Marino and Switzerland, nor to fishery products coming from the Faroe Islands and Iceland, to which apply rules for movement within the EU

Directorate - General for Food and Veterinary
www.dgav.pt

If you Travel to a non-EU Country

Know that you **CAN NOT** bring: *

Meat and meat products

Milk and milk products

CAN NOT

Know however that you **CAN** bring:

Powdered infant milk, infant food and special foods required for medical reasons

Special pet feed required for medical reasons

(since the product does not require refrigeration before consumption, it is a packaged propriety brand product and the packaging is unbroken unless in current use)

2 kg max. per person **OR** up to 10 Kg if coming from Faroe Islands, Greenland and Iceland

Know that you **CAN** also bring:

Fishery products including fresh fish (if eviscerated), dried, cooked, cured or smoked and certain shellfish such as prawns and lobsters, dead mussels and dead oysters

20 kg max. per person **OR** the weight of one fish, whichever weight is the highest
Except from Faroe Islands and Iceland

Other products of animal origin such as honey, live oysters, live mussels and snails

2 kg max. per person **OR** up to 10 Kg if coming from Faroe Islands, Greenland and Iceland

For certain protected species there may be additional restrictions in place. For example for caviar of sturgeon species, the weight limit is 125 g per person

* Except from Faroe Islands, Greenland and Iceland provided their weight do not exceed 10 kg per person
